

ODM

Organic Cleaner/Degreaser

Features

- 100% Organic
- Concentrated
- Biodegradable
- Environmentally Safe
- Non-Corrosive

ODM is made from the highest quality solvent.

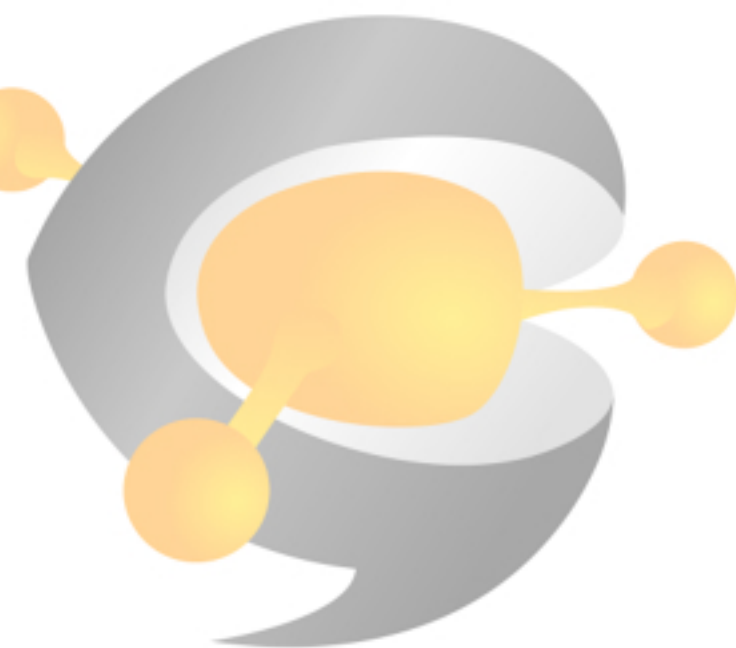

An 100% Organic emulsion cleaner/degreaser, **ODM** is biodegradable and environmentally safe. Its non-corrosive properties make it a great product to control odor, unclog drains and remove tar and asphalt from most hard surface.

ODM safely degreases, deodorizes and cleans most hard surfaces without harming the finish.

When mixed with water, **ODM** becomes a stable emulsion that is an effective all-purpose cleaner and industrial degreaser.

Applications

- Destroys grease build up
- Unclogs drains and controls odors
- removes tar and asphalt
- Industrial cleaning/degreasing
